

UCCPlus Lender's Policy

The best practice for your secured transaction

Gain the advantages of UCCPlus Insurance:

ELIMINATE RISK of documentation defects, filing office errors, omissions and inaccuracies.

REDUCE COSTS of loans while increasing lender and investor transaction protection.

ENHANCE VALUE of loans, loan portfolios and securitizations sold into the secondary market.

With UCCPlus Insurance, you can be certain that all of the personal property pledged as collateral for your loan is insured as a first priority lien.

A UCCPlus Insurance Policy eliminates your risk relating to the validity, enforceability, attachment, perfection and priority of your security interest on your personal property collateral.

A UCCPlus Policy insures against fraud, forgery, documentation defects, filing errors and financing statement inaccuracies for all collateral under Articles 8 and 9 of the Uniform Commercial Code.

A UCCPlus Policy includes a comprehensive review of your loan documents, searches and filings. The policy covers the "gap" period between the last search date and the date of perfection. The policy also includes the cost of defense in the event of a challenge to the security interest. Only UCCPlus:

- specifically and clearly defines and describes the collateral being covered by the policy; and
- waives the right of subrogation with respect to the insured's counsel within the policy.

Just as the lending community relies on real estate title insurance, you can rely on UCCPlus Insurance to reduce risk in your loan portfolios.

10 reasons a UCCPlus Policy is superior to legal opinion
